

ADVANCING THE COMPETENCE
OF THE WATER INDUSTRY

NOW AN AFFILIATE MEMBER OF

waterwise

We're delighted to share that L&DA is now an affiliate member of Waterwise—the UK's foremost authority on water efficiency.

This partnership marks a bold stride forward in our commitment to supporting the UK water sector as it tackles environmental, economic, and behavioural challenges. By championing smarter water use, we're helping drive meaningful change where it matters most.

Together with Waterwise, we're shaping a future where water efficiency isn't just a goal—it's embedded in everyday habits, forward-thinking policies, and sustainable progress.

Bridging the Gap: Training for a Water-Efficient Future

The latest NFWR25 update highlights a projected 6 billion litre daily shortfall in England's water supply —underscoring the urgent need for smarter, sector-wide efficiency.

To meet this challenge, L&DA now offers National Level 3 and Level 5 qualifications, awarded by PROQUAL, designed to equip professionals with the knowledge and tools to drive effective change.

Themes include:

- Water conservation and its impact
- PCC and usage patterns
- Water efficiency technologies
- Behavioural strategies and stakeholder engagement
- Interpreting Water Resource Management Plans

Whether you're new to the sector or advancing your expertise, our training and qualifications support meaningful progress in Water Resource Management.

See L&DA at the IOW Annual Conference

We're excited to be attending the Institute of Water Annual Conference on 18–19 September.

We'll be there to talk about how our accredited training is helping professionals lead the way in water efficiency, resource management, and beyond.

From technical training in Water and Wastewater operations to environmental legislation and strategic planning, L&DA offers a comprehensive suite of higher level qualifications designed to advance the competence of the Water Industry.

Let's shape the future, together.
